

## TP-LINK - MC220L Gigabit Media Converter

**Web cena - 3290.00**

web šifra LAN-04031

**Karakteristike - MC220L Gigabit Media Converter**

| Brend                  |                                                     |
|------------------------|-----------------------------------------------------|
| Brend                  | TP-LINK                                             |
| Karakteristike         |                                                     |
| Tip                    | Konverter                                           |
| Standard               | IEEE 802.3u, IEEE 802.3i, IEEE 802.3ab, IEEE 802.3z |
| Protok                 | 1 Gbps                                              |
| Ostalo                 | LED indikator, Operativna temperatura: 0° - 50°C    |
| Fizičke karakteristike |                                                     |
| Dimenzije              | 94.5mm x 73.0mm x 27.0mm                            |
| Boja                   | Crna                                                |
| Prijključci            |                                                     |
| Ostali                 | SFP                                                 |
| RJ-45                  | 1                                                   |
| Reklamacioni period    |                                                     |
| Reklamacioni period    | 24 meseca                                           |
